

# STEVE HANSON

## FULL-STACK WEB DEVELOPER

I am seeking a position as a full-stack, back-end, or front-end developer. I have nearly seven years professional experience as a web developer working for companies ranging from large enterprises like American Airlines to small startups. I am a creative, team-oriented problem-solver and would love the opportunity to see if I might be a fit for your team!

### + RECENT EMPLOYMENT

- 2015-2018**  
Contract  
Full-Time  
**StudioHop - [studiohopfitness.com](http://studiohopfitness.com)**  
**Lead Web Developer**  
Developed their Rails application, replacing their proof-of-concept PHP app. Continued to add new features and maintain their system which has now been used to book over 250,000 reservations at boutique fitness studios.  
*Rails 5, React, Heroku, Sidekiq, AWS S3, Ionic 3*
- 2015-2017**  
Contract  
Full-Time  
**Spacetime**  
**Lead Web Developer**  
Spacetime is a small design and development agency. Most of my work involved developing web applications for SaaS startups. Notable clients included StudioHop (see above), Steadkey, and Keyzie.  
*Rails, React, Heroku*
- 2014-2015**  
Full-Time  
**Oven Bits**  
**Web Developer**  
I worked as a web developer in a boutique web and mobile development agency.  
*Rails, Ember, Heroku*

### + EDUCATION

- 2011**  
**BS, Computer Engineering**  
**Texas A&M University**  
Minor in Math  
GPA: 4.0/4.0
